

YEAR 10/12 WORK EXPERIENCE
Monday 7th July – Friday 11th July 2025

Name:

Tutor Group:

What is Work Experience?

It is an incredibly rewarding five days where you will be working in the “real world” with an actual employer from Monday 7th July to Friday 11th July 2025.

You have a fantastic opportunity to try something completely different, away from your usual academic studies. It will also help you to identify your own skills and perhaps even highlight the sector that you might want to have a career in.

Finally, it is also a chance to experience life in the workplace, as an adult does – It is the best way to get a real sense of your chosen industry. You will get to speak to a variety of employees and ask them insightful questions.

Important information!

Many placements can be highly sought after by students across the city, this year it will be even more competitive as you will be participating during the same week as some of our neighbouring schools.

You **MUST** act quickly to avoid disappointment.

The Careers team, your Tutor and Head of Year will help, but you must take responsibility and be proactive to achieve a placement.

REMEMBER, the week is about you! Think carefully about where you would like to go and how it connects with your chosen option choices and your career aspirations!

'The Rules'

You are not allowed to go on any placement that involves using dangerous machinery / chemicals/ equipment.

Working at height – There are clear guidelines which prevent any of you working above 3ft/1.2 metres.

No student is permitted to serve alcohol.

Hours – Recommended for you (as Year 10/12 student) is 20 hours as a minimum and 35 hours as a maximum. Exceptions to this recommendation are made at the discretion of the Careers team.

You are not advised to attend your **previous primary schools**. It is important that you experience the 'real world of work' rather than a 'trip down memory lane'. If teaching/childcare is a route you would like to investigate further, you, of course, are welcome to contact other primary schools.

If you are going on placement with a **family member, relative or friend**, you must ensure the placement is relevant to your future. i.e., Dad owns a plumbing business; you would like to explore potential Construction trades including Plumbing for your Post 16 Options.

Please note that the placement must have a **structured programme**, this is to ensure the best experience for you.

Step 1 – What are you interested in doing?

Unifrog

You should all have a Unifrog account from Year 9, this platform grows with you as you move through college, if you have forgotten your log-in details you can reset a new password on Unifrog, the username is your school email address.

Unifrog is a one-stop-shop where students can easily explore their interests, then find and successfully apply for their next best step after school.

Unifrog will help you to explore your key interests and what career paths you can take to reach your goals!

Exploring pathways

Careers library ✓ Careers favourited Go to tool >	Subjects library ✗ Subjects favourited Go to tool >	Know-how library ✗ Guides favourited Go to tool >

Quizzes

The image displays three quiz cards arranged horizontally. Each card has a colored background and contains the following information:

- Interests profile** (blue background):
 - ✓ Quiz last taken 7 Feb 23: S and C and E
 - Start >
- Personality profile** (pink background):
 - ✓ Quiz last taken 2 Jul 22: ESTJ
 - Start >
- Work environments profile** (dark blue background):
 - ✓ Quiz last taken 8 Nov 22
 - Start >

Make notes below on areas of interest that the quizzes have identified may be suitable for you:

Step 2 – How do I find a placement?

When organising work experience, try to be realistic. You are unlikely to be allowed access into the head office of a national organisation with no prior experience. Look for local businesses or people with whom you already have a connection - like the parent/carer of a fellow pupil, a family member, a friend, etc.

If you don't have any contacts, or aren't sure where to start, speak to Mrs Harris or Mrs Keyes in the careers team; we have also suggested some organisations in the list below:

Placement ideas:

EMPLOYMENT SECTOR	PLACEMENT IDEAS – HERE'S JUST A FEW!
MILITARY	Royal Marines (contact ECC Careers Team for further details) Royal Navy (contact ECC Careers Team for further details) (The Army Ministry of Defence

<p>MANUFACTURING and PRODUCTION</p>	<p>Food Production – Friary Mill/ Dartmouth Foods/ BURTS Crisps Technology - Quality Components/ RCR Flooring Products Check out the Plymouth Makes website for more manufacturers</p>

Step 3 - Contacting the employer

Once you've decided where you want to work and have a contact, you need to contact them. Don't rely on a parent or your school to contact them for you! You need to show that you can be confident and professional, even if you are nervous!

Write either a formal email or letter - even if you know the person you are contacting - and have someone else read it before you send it to check it for errors. Make sure you include:

- the days or dates on which you would like to complete your work experience - *make sure to give them plenty of time; you can't ask for your experience to start tomorrow!*
- why you would like to complete your experience at this organisation- *what do you want to learn? What do you want to experience? Some research would help here - maybe they have great customer reviews or are among the top ranked businesses locally? Maybe they have created a new way of doing something and you want to learn how managed this?*
- what you can offer them - *that's right: you can't get something for nothing, so bowl them over with your skills and how your time with them will benefit them, even if that is admin support or helping busy employees with their workload*

Remember to use an appropriate email address if you have chosen to write an email over a letter. If you don't want to create a new account, your school email address is a good alternative.

You could include a copy of your CV with your email/letter to offer more detail. (We will be working on creating excellent CVs and letters at the **Work Experience Launch Day on Friday 11th October**).

Step 4 – Confirming your work experience and getting it approved.

We are using Unifrog (www.unifrog.org) to manage the administration of the work experience programme – for example collecting information from the employer about their Risk Assessment and Health & Safety policy, as well as getting agreement from yourselves for the placement to go ahead.

Before using the UNIFROG placement tool students must agree the placement with the employer first.

Next Students will get the ball rolling by adding the placement to their Unifrog account (they'll find the Placements tool on their Unifrog homepage).

The Unifrog system will then email the employer, the parent / guardian, and the school, to collect the necessary information and permissions.

For the process to work, **it's essential that students add the initial information about the placement accurately.**

Double check email addresses in the form. You may want your parent or careers team to help you with this.

Parents and careers must consent to the placement when they receive the email.

The College will then confirm and agree the placement once the appropriate safety checks have been made.

Staying on track – Work Experience calendar

October 2024

You will have attended a Work Experience Assembly where you will receive information about Work Experience. You will also have an opportunity to explore this further during your Future Friday sessions.

IMPORTANT: You must start your work experience preparation **NOW**.

October to December 2024

Find a relevant work experience placement. Write a great CV and covering letter at the work experience launch day 11th October

January 2024 to March 2024

If you have not yet secured a placement, there will be an opportunity to speak with the Careers team to discuss your options.

Once you have found and have your placement confirmed from an employer complete the placement tool on Unifrog. **(Please do not complete the placement tool unless your placement is CONFIRMED and you have agreement from the employer)**

Friday 16th May – FINAL DEADLINE

Students that have not secured the placement by this date will not be able to take part in the work experience week. These students still must attend College as normal in work experience week where lessons will be provided.

June 2025 to July 2025

Health & Safety briefings and final preparations.

Monday 7th July 2025 to Friday 11th July 2025

Placement week – You must complete your Work Experience Journal. You will upload this to Unifrog

Week Beginning Monday 14th July 2025

Work Experience review week – Complete your evaluation in Unifrog.
